

Request for Scholarship Funds

NOCCA is a voluntary organization dedicated to providing educational opportunities for its membership of elected members of municipal, township and village council.

Quarterly forums are designed for its members to increase their knowledge base; strengthen their professional skills; facilitate communication among elected municipal, township and village council members; and introduce best practices and solutions to common regional issues and concerns.

Annual scholarships totaling \$1,500.00 are awarded each year as follows: \$500.00 per NOCCA member-applicant to attend a University-sponsored Leadership Academy or up to \$250.00 per NOCCA member-applicant to attend a non-University sponsored leadership seminar, conference or training that directly strengthens, enhances and/or pertains to their skills and effectiveness on council.

Candidates for scholarships must maintain their elected position on council throughout the period that the Leadership Academy, class or seminar is being offered; their seat can not be open for re-election; and their city must maintain their NOCCA membership throughout the time period that the Leadership Academy, training, or conference is offered.

Funds for scholarships will be submitted directly to the University upon acceptance in the program or reimbursed directly to the member's municipality or member once documentation or receipt of payment for program is submitted. A member may received only one scholarship per year and non-recipients will be considered for a scholarship award before those previously awarded a scholarship.

Name: _____

Address: _____

City: _____ State: _____

Program/Training I Wish To Attend: _____

Program/Training Sponsor: _____

Please provide a brief description explaining how attending this program/training will improve your effectiveness on Council.

Date Program Held: _____

Reimbursement Cost: _____
